

Matthew Stuart Jones

847-431-7231 | matthew.stuart.jones@icloud.com | Portfolio Website | LinkedIn

EDUCATION

University of Kentucky

Bachelor of Science, Computer Science

Projected Graduation, May 2027

GPA: 4.0/4.0

- Minors: Mathematics and Vocal Performance | Artificial Intelligence Certificate
- Study Abroad Experience in Bilbao, Spain (Universidad de Deusto)
- 6 Scholarships + Dean's List for all semesters

WORK EXPERIENCE

Technology Policy Fellow

Alliance for Civic Engagement (ACE) — Remote

September 2026 (Upcoming)

NSF Research Experience for Undergraduates (REU), AI for Social Good

Worcester Polytechnic Institute (WPI) — Worcester, Massachusetts

Summer 2026

- Developed ARISES, a novel feature selection method, outperforming all state-of-the-art baselines on 6 of 7 multi-label metrics
- Developed MLX, a counterfactual explainability method using structured gradient descent with label-co-occurrence-weighted gradients, outperforming SHAP and LIME on multi-label, patient-wise explanations for black-box classifiers
- Applied prompt engineering and AI tooling across the pipeline, matching tool to task for efficiency without losing accuracy

AI Researcher for ACCESS

UK Center for Computational Sciences (CCS) — Lexington, Kentucky

October 2024 – Present (incl. Summer 2025)

- Built MCP-based semantic router to categorize and route queries to AI agents across the NSF ACCESS ecosystem
- Developed Retrieval-Augmented Generation (RAG) system to help users draft allocation abstracts and proposals based on a corpus of past submissions
- Designed multi-LLM tournament tagger to categorize research proposals by field of science using open-source models deployed on a Grace Hopper cluster via Ollama
- Improved existing AI models through document verification and retraining workflows

Summer Teacher Intern

Lavner Education — British International School Chicago, Chicago, Illinois

Summer 2024

RESEARCH

Independent Study: Responsible AI Citation & Policy Influence Mapping

Advisor: Dr. Brent Harrison, University of Kentucky — Human Centered AI, AI Ethics

Spring 2026

- Analyzed citation flows between RAI literature (AIES, NeurIPS) and 18 national AI governance frameworks; identified three-way misalignment between paper production (fairness), citation impact (explainability), and policy language (accountability)
- Built end-to-end NLP pipeline using Semantic Scholar API, intfloat/e5-large-v2 embeddings, and cosine similarity scoring across a 20,000+ paper corpus
- Presented at the 20th Annual University of Kentucky Showcase of Undergraduate Scholars

SKILLS

- **AI/ML Engineering & Explainability:** Responsible and effective use of agentic development; RAG systems, MCP semantic routers, LLM tagging pipelines; feature selection and explainability; SHAP/LIME; LlamaIndex, ChromaDB, sentence-transformers, Ollama, OpenAI API.
- **Programming & Systems:** Python (NumPy, pandas, scikit-learn); C and C++; SQL; JavaScript, HTML, CSS; Linux; R.
- **Research & Data Pipelines:** End-to-end NLP pipelines — API-based corpus ingestion, embedding generation, cosine similarity scoring; Semantic Scholar, OpenAlex APIs.
- **AI Governance & Policy Communication:** Analyzed citation-flow alignment between RAI research and AI governance frameworks (18 countries); translates AI/technical concepts for policy audiences; fluent in Spanish.

ORGANIZATIONS AND INVOLVEMENT

Kentucky Alpha Chapter of Tau Beta Pi

Tau Beta Pi Scholar & Chapter Treasurer

- Managed chapter finances for a 120-member engineering honor society, including dues, budgeting, and scholarship requests
- Coordinated food and logistics for chapter meetings and events
- Volunteer judge at Future Cities regional engineering competition

acoUstiKats A Cappella

Business Manager & Social Media Manager

- Led the group's public presence and built an automated booking pipeline syncing forms with Google Calendar
- Spearheaded the group's first ICCA campaign where I initiated the decision to compete and led competition research
- Created content across platforms, designed and produced group merchandise, and publicized campaign events

UK Men's Chorus

Baritone Section Leader

- Serve as section leader on the group's New York tour, coordinating logistics and welfare for the baritone section
- Part of a leadership team focusing on culture and performance where singers are focused while taking care of each other
